

January 10, 2012

Dear Friends of Conservation,

The LaPorte County Soil & Water Conservation District invites you to become an Affiliate member of the premier conservation organization of LaPorte County. Dedicated members make our soil and water conservation programs successful year after year. Your membership today ensures our continued success THIS year. Our education programs are dependent upon donations from individual and business memberships.

Here are just a few ways memberships help to support the district's mission: *school visits, award programs, library materials, education materials and supplies, adult and youth workshops and other educational programs.*

Member names are included in District publications and on our website (with a link to your business website, if provided). Send us a business card with your membership.

Care about conservation? Become a member or renew your membership today and invite a friend to do the same.

We are here to assist you. If you have any questions, please call our office at (219) 326-6808 ext. 2116. Thank you in advance for your consideration.

Sincerely,

The LaPorte County SWCD
Staff & Supervisors
