

January 13, 2012

Dear Friends of Conservation,

The LaPorte County Soil & Water Conservation District invites you to volunteer as an Associate Supervisor with us. Without the help of dedicated La Porte County residents we would not be able to initiate new, exciting programs or continue established programs such as our Tree Sale, Bossy Bingo and Educational Outreach. Make your voice heard - your input at District Board Meetings can be invaluable to the decision making process. Remember - you can make a difference!

We know your time is valuable. The criteria for being an Associate are attending at least one district activity and at least one board meeting during the calendar year. Board meeting schedule posted on our website: www.laporteswcd.com

We also encourage and welcome your regular input by mail, email or telephone.

Care about conservation? Become an Associate Supervisor and invite a friend to do the same.

If you have any questions, please call our office at (219) 326-6808 ext. 2116.

Sincerely,

The LaPorte County SWCD
Staff & Supervisors

I CARE ABOUT CONSERVATION!

La Porte County Soil and Water Conservation District
